

Assess an Individual Questions

1. Data you plan to use: National Data; jurisdictional data

By default, the calculations the RNR Simulation Tool makes use a base recidivism rate at the national average. This recidivism rate can be adjusted to match your jurisdiction's base recidivism rate. To do this, your jurisdiction's system administrator must complete the Assess Jurisdiction's Capacity portal screening questions.

2. How do you define recidivism for this individual?
 - a. One Year Rearrest
 - b. Three Year Rearrest
 - c. One Year Reconviction
 - d. Three Year Reconviction
 - e. One Year Reincarceration
 - f. Three Year Reincarceration
3. Please specify the supervision setting for this individual
 - a. Pre-trial/diversion
 - b. Prison
 - c. Jail
 - d. Community Corrections (Probation/Parole)
 - e. Treatment Only
 - f. Other

Demographics: Please provide the demographic information for the individual you are assessing

1. First and Last initials of the client:
2. Date of Birth:
3. Gender
 - a. Male

- b. Female
 - c. Transgender
4. Race/Ethnicity
- a. White/Caucasian
 - b. Black/African-American
 - c. Hispanic
 - d. Native American/American indian/Alaskan native
 - e. Asian/Hawaiian/Pacific Islander
 - f. Mixed Race
 - g. Other
5. Based on your jurisdiction's classification standards, does the individual fall into one of these special populations (please select only one)
- a. General Offender/No Special Population
 - b. Violent Offender
 - c. Sex Offender
 - d. Youthful Offender
 - e. Drug Offender (non-trafficker)
 - f. Habitual Offender
 - g. Domestic Violence Offender
 - h. DUI Offender
 - i. Other (please specify)
6. Please provide the risk level of the justice-involved individual based on your risk assessment tool:
- a. Administrative Level
 - b. Very Low

- c. Low
- d. Moderate
- e. High
- f. Very High
- g. Jurisdiction does not use a risk tool

Assess an Individual

The following questions ask about the **needs** of the individual. These questions should be answered using information from clinical assessments and/or subscales from a risk and/or risk-need assessment (e.g. LSI-R, COMPAS, ORAS, etc.) Please answer the following questions based on the individual's most recent assessment. For individuals who are currently incarcerated, please use inmate's release plan or information from the year prior to the inmate's arrest leading to their current supervision term.

Primary Needs

Drug Dependence

7. Individual meets SDM-IV criteria for drug dependence on/addiction to heroin, opiates, methamphetamine, amphetamines, crack, or cocaine. Do not include marijuana or alcohol dependence.
 - a. Yes
 - b. No

Criminal Thinking

8. Individual displays a pattern of antisocial cognitions/criminal thinking OR scores high on this subscale of your Risk-Needs Assessment.
 - a. Yes
 - b. No

Substance Abuse and Mental Health

9. Individual meets DSM-IV criteria for dependence on alcohol or marijuana and/or uses (but does not meet criteria for dependence on) illicit substances (i.e., heroin, opiates, methamphetamine, amphetamines, crack, or cocaine).
